# HAMZA AL-SHEIKH

+971 50 673 3899 hamzaalsheikh.app hamzash863@gmail.com

#### **EMPLOYMENT**

#### Full-Stack Developer

### **Elisyan Wealth Ventures**

01/2023 - Present

- Led the development of a mobile app for managing finances, optimizing data processing and visualization in JavaScript, by utilizing React-Native, Redux, and SQLite.
- Designed and applied a local database for a mobile app that handles a large amount of data, ensuring it functions smoothly even without an internet connection, using SQLite and different SQL queries.
- Integrated server-side rendering with a mobile application using AWS services (lambda-function, DynamoDB, and REST-API) and Express.js.
- Converted the code base and certain features from an Ionic app to a React-Native app due to considerations of efficiency and the team's preferences.
- Mentored 2 junior Devs and assigned tasks according to their skill level.

#### **Frontend Developer**

# **One It Solution**

06/2022 - 01/2023

- Modified large projects and implemented new features such as a shopping cart system and filtered tables.
- Worked directly with UI/UX designer and converted the designs to fast front-end web applications.
- Provided help and suggestions to Back-End developers.

### **Frontend Developer**

**Qlevar** 

06/2021 - 06/2022

- Reduced load time by over 60% by dropping Material icons and using font-based icons instead.
- Implemented unit and widget tests for multiple parts of the system.
- Engaged in daily scrum meetings with our five members' team to optimize the development process.

### **Freelancer Developer**

### **Mostagl**

12/2020 - 6/2021

- Translated client requirements efficiently into application designs and system requirements.
- Provided many services like building well-structured mobile apps and solving clients' real-word problems.
- Finished 4 projects with 5-stars reviews.
