HAMZA AL-SHEIKH

EMPLOYMENT

Full-Stack Developer   **Elisyan Wealth Ventures**   **01/2023 – Present**
- Spearheaded the development of a mobile application, optimizing data processing and visualization in JavaScript, by utilizing React-Native, Redux, SQLite, and AWS.
- Designed and applied the database for a mobile app using SQLite and implemented various types of queries.
- Integrated server-side rendering with a mobile application using AWS services (lambda-function, DynamoDB, and REST-API) and Express.js.
- Converted and utilized certain features from an Ionic application in a React-Native application.
- Mentored 2 junior Devs and assigned tasks according to their skill level.

Frontend Developer   **One It Solution**   **06/2022 – 01/2023**
- Modification and addition to large projects and implement new features.
- Worked directly with UI/UX designer and converted the designs to fast front-end web applications.
- Provide help and suggestions to Back-End developers.

Frontend Developer   **Qlevar**   **06/2021 – 07/2022**
- Reduced load time by over 60% by dropping Material icons and using font-based icons instead.
- Implemented unit and widget tests for multiple parts of the system.
- Engaged in daily scrum meetings with our five members' team to optimize the development process.

Freelancer Developer   **Mostaql**   **12/2020 – 7/2021**
- Translated client requirements efficiently into application designs and system requirements.
- Provided multiple services like building solid well-structured mobile applications and solving clients' real word problems.
- Finished 4 projects with 5-stars reviews.
